ndidate biography: For over 40 s, I documented, researched and nged elected representatives proven solutions. The current and elected representatives were rdly indifferent for working citi- standard of living, civil and const- nal rights – except for themselves/ / and friends. There are solutions racial unity-equally for employ- /jobs. For accountability/value for ollars for "at risk" "disadvan- " citizens. For family/citizen , for honest, aggressive, bold, itted cooperation, understand- utual sharing of responsibilities bligation for America's freedom tandard of living.

ndidate statement: I have the n standard of commitment to act. otect every citizen from the ierican, un-godly, horrific cow- acts of racial/hate, sexual ha- ent malice and wanton destruc-

tion, violent disorder that as: former N.C. Gov. Hunt stated "en"trap on welfare. Why? Not an acknowledge- ment. No apology. And resignation of elected representatives – who void civil and constitutional rights – and "trap" women and children in poverty, proj- ects, prisons, prostitution – for gener- ations – en"trapped" to substandard of education and training – cast to the hopelessness of crime, drugs, targeted to work for less and pay more – "trapped" voided equal protection from "terrorist"-racist-hate, sexual harassment.

The malicious inciting of racial divi- sion – voiding citizens unity of un- derstanding and trust is un-American. "Who? You going to call ..." when the "at risk" disadvantaged, elderly, lame, blind, homeless on dialysis, and contin-ually racial/sexual abused ... not – Floyd, Bob, Elaine, Obama, Bill, Mel, David, Jim-etc – Call Ralph. Why? Would elected rapresentative ask, "if they were white, or not?" Why would elected representative standard of equal protection be "white people cannot be discriminated against." Why?

Would elected representative not apologize and resign from office for their horrific cowardly indifference of humanity removing fathers from home – we must not surrender today's and future generation freedoms to racial
