Dear Michelle:

Thank you for your continuing support of U.S. Geological Survey data programs, which we conduct across North Carolina in cooperation with more than 30 local, State and Federal agencies.

Our program with the City of Durham for the period July 1, 2014 through August 31, 2015 is summarized in the enclosed table.

Also enclosed are four copies of the Joint Funding Agreement (JFA). Please have the enclosed JFA signed and return two copies to us before June 30, 2014. Regulations state that we cannot continue to work or start new work until we receive the signed agreement. Our current JFA expires June 30, 2014. Work performed with funds from this agreement will be conducted on a fixed-price basis. The results of all work under this agreement will be available for publication by the USGS. The funding that is indicated as USGS on the funding summary table is subject to the availability of USGS Cooperative Water Program matching funds.

Let us know if you have any questions about our program or if we can assist you in any other way. If you have any questions, please call me or Jeanne Robbins at (919) 571-4000.

Sincerely,

Holly S. Weyers, Director
