The Durham Bicycle and Pedestrian Advisory Commission (BPAC) has reviewed the project referenced above. We believe the project would better serve the needs of the community if the following elements were included:

- Page Road is designated to have bike lanes in the adopted 2006 Bicycle Transportation Plan. Provide enough width to allow for eventual minimum 4' bike lanes in both directions within the full length of the roadway improvement area.
- Ensure that there will be pedestrian connectivity between existing and future phases.

Thank you for your consideration.
