off welfare, and become independent.

Message From Governor James B. Hunt Jr.

North Carolinians have always believed in paying their own way, preferring a helping hand to a handout. That is the philosophy behind Work First, our innovative plan to reform welfare. Work First stresses work and personal responsibility as the foundation for building a better life. I am proud to say that Work First is working. More North Carolina families are finding their way out of the welfare trap and into the work force.

But if Work First is to succeed, we need your help. Help a Work First participant find appropriate clothing to wear to work, organize your Sunday School class to provide transportation or child care, or urge your church to adopt a Work First family, letting them know that you care and you want to help them succeed. Our churches have always played a vital role in our communities, offering help, guidance, and support in times of need. Now is the time to get involved, lend that supportive hand, and help Work First families succeed.

To achieve an employment, consultant, and/or investigator for a business/private, government/citizen partnership for establishment of standards to protect and insure the American liberties, freedoms, judicial standards, and the free enterprise system co-exist.

There is the legal, documentation of over 40 years of honest, good faith, proven factual examples pro-action taken by my civic and public duty - which creates a standard of tolerance for cowardly indifference, when any/all citizen's civil and constitutional, human rights are voided. There was the established acknowledgement by Durham City government of the necessity to address, solve, and prevent the continued racial/sexist illegal violations within the community and business. The stated requirement and the obligation of business, government leaders, and citizens must establish accountability, prevention, and tolerance for race/sex/hate acts within everyday and business activities.

There is the known, acceptable, stated, and challenging necessity to be pro-active to overcome the almost 98% and over 98% response from North Carolina's office of Lt. Governors' Wicker and Perdue; when asked: "What percentage of North Carolina's business discriminate and/or racist?"

There must be the protection of citizens from violations of N.C. law 14.401.14 "teaching ethnic hate on jobs by elected representatives as, Easley, Hunt, Edwards, Gulley, Michaux, Hackney, Price, Bellect. The "conscious decision" of contributory negligence must void cowardly indifference proves the act of a traitor for an sworn oath of office or a soldier/veteran which voids America's freedoms must be never surrendered. There must not be the continued voiding the civil and constitutional rights of citizens at the stated standard by elected representative of 98%.

There are the opportunities to have 20% to 100% tax savings in government by voiding illegal corruption, fraud, waste, abuse, elimination, and privatation. There is the obligation to void the government being the "MASTER" and citizen being the slaves. Accountability, equal protection of all citizens rights, and leadership standards which will not continue to void any citizens rights because of race, sex, ethnic, and national origin. Business from foreign or domestic origin should not continue to illegal charge American citizens greater cost for drugs, autos, and/or any product or services; nor to have American citizens work for less or work in an workplace which knowing promotes, allows, protects and voids the laws of Americans, IBM, GLAXOSMITHKLINE, NISSAN, and others knowing, with the knowledge of elected representatives and the public the requirement to act.

Northern High, two year Navy Journalist program, two year Veterans Administration manager program, Attended UNC-CH, D.T.I.

I wrote, researched, documented, and had approved a two management program. I researched, wrote, and presented a medical care program when the failure of government proved pro-action needed. I challenged the failure of elected representative for the protection, safety, and the education for the blind, sick, dis-able, elderly, women, minorities, at a level which creates a standard by judges' Standback, Brown, Chaney, ect., in honest, good faith, and without any fear.

There is the standard of commitment, and followthrough which the goals for success listed in my objectives would be the answer to: **HELP ESTABLISH LEADERSHIP PLEASE**
