Statement of Presentation you wish to make and statement of action you wish Council to take.

At City Council's "Citizen Matters" November 8 or 15 session we'd like to talk with you about growing public distrust of local government as it's connected to telecommunication companies and non-profit entities through policies in Durham's UNIFIED DEVELOPMENT ORDINANCE. Frustration is building over the City's "fast-track" endorsement of the erection of Wireless Communication Facilities (cell towers) in neighborhoods despite consequences considered prejudicial by the residents. Schools and churches in residential zones have been recruited as sites for cell towers; attracted by the promised lease
