The Durham Bicycle and Pedestrian Advisory Commission (BPAC) reviewed the project referenced above. We believe the project would better serve the needs of the community if the following items were included:

- Minimum 4 foot wide bike lanes with any roadway improvements to Southwest Durham Drive. This road is designated to have bike lanes in the adopted 2006 Bicycle Transportation Plan;
- Minimum 10 foot wide paved trail for the frontage of the site along 15-501 Durham-Chapel Hill Boulevard, connecting Southwest Durham Drive with the western end of Watkins Road. The adopted 2006 Bicycle Transportation Plan designates a side path along US 15-501.

Thank you for your consideration.
