The Durham Bicycle and Pedestrian Advisory Commission (BPAC) reviewed the project referenced above. We believe the project would better serve the needs of the community if the following items are included:

- Provision of asphalt width for eventual minimum 4' wide bike lanes along Barbee Chapel Road and Farrington Mill Road. These roads are designated to have bicycle improvements in the adopted 2006 Bicycle Transportation Plan,
- Provision of direct site access point to Farrington Mill Road.

Thank you for your consideration.
