Dear Ms. Wolff:

PRESIDENT
CURT DEVEREUX
VICE PRESIDENT
BILL BUSSEY
SECRETARY
FRANK BENNETT
TREASURER
MORIA SMOSKI

The Board of the Triangle Rails to Trails Conservancy (TRTC) has reviewed the development plan for Southpoint Trails (case Z1100017), and believes the project would better serve the needs of the community if the following items were included:

- * Provide a 100' wide corridor for the Eagle Spur Trail.
- * Within this 100' corridor, limit trail improvement and construction to a maximum of 25 feet. Preserve existing trees within the remainder of the corridor.
- * Until the trail corridor is connected to the north and south, the trail corridor should remain as natural surface.
