The Durham Bicycle and Pedestrian Advisory Commission (BPAC) reviewed the project referenced above. We believe the project would better serve the needs of the community if the following items are included:

1. Request that the proposed greenway trail be constructed and not just an easement allotted for it.
2. Request that the north-south collector street that runs through the development be constructed as a complete street with a striped bike lane in each direction as well as sidewalks on both sides.

Thank you for your consideration.
