I received a letter today dated 6/11/13 from your office today stating that I am in violation for putting siding on the subject address. I am not in violation, for I was given approval by the Historic Committee and the planning department. Please check your records. This continuing and repetitive process of sending me a notice to stop work is not appropriate. It has and is costing me thousands of dollars. Every time someone in the area complains you send me a letter. This could easily be resolved if you check the records. This matter was brought up before the city council before and it will be brought to their attention this time.

I like to have this matter resolved permanently
