**To:** Members of the Joint City-County Planning Committee  
**From:** Antonio Jones, Acting Chair, Durham Planning Commission  
**Subject:** 2012 Planning Commission Annual Report

In compliance with the Planning Interlocal Agreement, I am submitting this report on behalf of the Durham City-County Planning Commission. The report spans a time period of one and one-half years, bringing the Commission annual reporting time period in alignment with other Boards and Commissions.

During the period of July 1, 2011 through December 31, 2012, the Commission heard 16 plan amendments, 31 zoning map changes, 15 UDO text amendments, and 3 plans. A breakdown of those cases is attached.

Overall member attendance was good, with all current members being present at least 79% of the meetings.

The Commission was also saddened by the passing of Chairman Harry Monds in early March. The Vice Chairman will serve as Chair until elections are held in September.
