Durham, NC 27701

RE: Unsanitary well  
2722 E Geer St  
Durham, NC 27713

To whom it may concern,

The well located at the above-referenced address has been determined to be an unsanitary water supply. It is the best professional judgment of the Environmental Health Division that any repairs would be insufficient to protect the public health and that the property should be connected to municipal water.

Please let me know if you have any questions regarding this matter.

Sincerely,

  
Patrick C. Eaton, REHS  
Environmental Health Specialist  
Onsite Water Protection Section
