Subject: FY14 Agreement to Fund Downtown Durham, Inc. for City Economic Development Programs

Executive Summary

This item seeks City Council approval of the 2013-2014 agreement for downtown economic development and marketing services with Downtown Durham, Inc. (DDI) in an amount not to exceed \$160,048.00. This is the seventh year that the Office of Economic and Workforce Development has administered this contract.

Recommendation

The administration recommends that Council authorize the City Manager to execute the FY14 funding agreement with Downtown Durham, Inc. to operate economic development programs for the City in an amount not to exceed \$160,048.00.

Background

Office of Economic and Workforce Development's recommended FY14 budget includes an amount not to exceed \$160,048.00 for DDI's contract.

Issues and Analysis

DDI has proven to be a high-performing organization and a positive force to the growth of Downtown Durham. To date, for example, DDI has overseen and managed several projects and initiatives that helped secure the following outcomes:

- More than 25 new businesses
- Over 14,000 employees
- Over 1550 residents living in downtown
- More than Over 300 marketing evnts40 clients served

For FY13, the DDI staff has collaborated with the OEWD staff to plan and implement downtown economic development and marketing strategies. The City and DDI have agreed on goals for Fiscal Year 2014 which are contained in Attachment 2 to the contract.

Alternatives

Council may choose to not fund the contract, or to fund the contract at a reduced amount. If DDI is not funded or not fully funded, economic and marketing services for downtown could not be delivered at the level that they have been provided in the past.

Financial Impact

Funding for this item has been built into the Office of Economic and Workforce Development's budget. Funding is provided through Downtown Revitalization in the proposed FY2013-14 annual budget.

SDBE Summary

An SDBE Summary is inapplicable because no project-specific goals have been set and no SDBEs are involved in this item.
