b. **Cost of Project.** The total cost of the Project approved by the Department is **TWO HUNDRED SEVENTY-SIX THOUSAND SEVENTY DOLLARS (\$276,070)** as set forth in the Project Description and Budget, incorporated into this Agreement as Attachment A.

(1) **Federal Share.** The Department shall provide, from Federal funds, **EIGHTY PERCENT (80%)** of the actual net cost of the Project, not in excess of **TWO HUNDRED TWENTY THOUSAND EIGHT HUNDRED FIFTY-SIX DOLLARS (\$220,856)**.

matching funds for non-transit planning activities. The Contractor shall be responsible for any remaining costs.

(3) Local Share. The Contractor hereby agrees that it will provide **TEN PERCENT (10%)** of the actual net cost of the Project and any amounts in excess of the Department's maximum. The net cost is the price paid minus any refunds, rebates, or other items of value received by the Contractor which have the effect of reducing the actual cost. The Contractor shall initiate and prosecute to completion all actions necessary to enable it to provide its share of the Project costs at the time directed.

c. Period of Performance.

This Agreement shall commence upon the date of execution, unless specific written authorization from the Department to the contrary is received. The period of performance for all expenditures shall extend from **JULY 1, 2013 TO JUNE 30, 2014**, unless written authorization to the contrary is provided by the Department. **Any requests to change the Period of Performance must be submitted 60 days before the end of the current Performance Period and in accordance with the policies and procedures established by the Department or FTA.** The Contractor shall commence, carry on, and complete the approved Project with all practicable dispatch, in a sound, economical, and efficient manner.

d. Contractor's Capacity. The Contractor agrees to maintain sufficient legal, financial, technical, and managerial capability to:

- (1) Plan, manage, and complete the Project;
- (2) Carry out the safety and security aspects of the Project; and
- (3) Comply with the terms of this agreement, the Master Agreement

between the FTA and the Department, the Approved Project Budget, the Project schedules, and applicable Federal and State laws, regulations, and directives.

e. Administrative Requirements. The Contractor agrees to comply with the following Federal and State administrative requirements:

(1) U.S. DOT regulations, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments," 49 C.F.R. Part 18 at (<http://www.access.gpo.gov/nara/cfr/cfr-table-search.html#page1>).

(2) Title 19A North Carolina Administrative Code (N.C.A.C.) Subchapter 5B at (<http://reports.oah.state.nc.us/ncac.asp>).

f. Application of Federal, State, and Local Laws, Regulations, and Directives. To achieve compliance with changing federal requirements, the Contractor makes note that federal, state and local requirements may change and the changed requirements will apply to this Agreement as required.

g. Contractor's Primary Responsibility to Comply with Federal and State Requirements. Irrespective of involvement by any other participant in the Project, the Contractor agrees that it, rather than the participant, is ultimately responsible for compliance with all applicable Federal and State laws, regulations, and directives, the Master Agreement between the FTA and the Department, and this Agreement, except to the extent that the Department determines otherwise in writing. Unless otherwise authorized in writing by the Department, the Contractor shall not assign any portion of the work to be performed under this Agreement, or execute any contract, amendment, or change order thereto, or obligate itself in any manner with any third party with respect to its rights and responsibilities under this Agreement without the prior written concurrence of the Department. Further, the Contractor shall incorporate the provisions of this Agreement into any lease arrangement and shall not enter into any lease arrangement without the prior concurrence of the Department. Any lease approved by the Department shall be subject to the conditions or limitations governing the lease as set forth by the FTA and the Department. If the Contractor leases any Project asset to another party, the Contractor agrees to retain ownership of the leased asset, and assure that the Lessee will use

the Project asset to provide mass transportation service, either through a "Lease and Supervisory Agreement" between the Contractor and Lessee, or another similar document. The Contractor agrees to provide a copy of any relevant documents.

(1) Significant Participation by a Third Party Contractor. Although the Contractor may enter into a third party contract, after obtaining approval from the Department, in which the third party contractor agrees to provide property or services in support of the Project, or even carry out Project activities normally performed by the Contractor, the Contractor agrees that it, rather than the third party contractor, is ultimately responsible to the Department for compliance with all applicable Federal and State laws, regulations, and directives, except to the extent that FTA or the Department determines otherwise in writing.

(2) Significant Participation by a Subcontractor. Although the Contractor may delegate any or almost all Project responsibilities to one or more subcontractors, the Contractor agrees that it, rather than the subcontractor, is ultimately responsible for compliance with all applicable Federal and State laws, regulations, and directives, except to the extent that FTA or the Department determines otherwise in writing.

(3) Significant Participation by a Lessee of a Contractor. Although the contractor may lease project property and delegate some or many project responsibilities to one or more lessees, the Contractor agrees that it, rather than any lessee, is ultimately responsible for compliance with all applicable Federal laws, regulations, and directives, except to the extent that FTA determines otherwise in writing.

h. Contractor's Responsibility to Extend Federal and State Requirements to Other Entities.

(1) Entities Affected. Only entities that are signatories to this Agreement for the Project are parties to this agreement. To achieve compliance with certain Federal and State laws, regulations, or directives, however, other Project participants (such as subcontractors, third party contractors, lessees, or other) will necessarily be involved. Accordingly, the Contractor agrees to take the appropriate measures necessary to ensure that all Project participants comply with applicable Federal and state laws, regulations and directives affecting Project implementation, except to the extent FTA or Department determines otherwise in writing. In addition, if any entity other than the Contractor is expected to fulfill responsibilities typically performed by the Contractor, the Contractor agrees to assure that the entity carries out the Contractor's responsibilities as set forth in this Grant Agreement for the Project or the FTA Master Agreement.

(2) Documents Affected. The applicability provisions of Federal and State laws, regulations, and directives determine the extent to which their provisions affect a Project participant. Thus, the Contractor agrees to include adequate provisions to ensure that each Project participant complies with those Federal and State laws, regulations, and directives, except to the extent that FTA or the Department determines otherwise in writing.

(a) Required Clauses. The Contractor agrees to use a written document (such as a subagreement, lease, third party contract or other) including appropriate clauses stating the entity's (subrecipient, lessee, third party contractor or other) responsibilities under Federal and state laws, regulations, or directives, except to the extent that FTA determines otherwise in writing.

(b) Compliance with Federal Requirements. The Contractor agrees to implement the Project in a manner that will not compromise the Contractor's compliance with Federal and State laws, regulations, and directives applicable to the Project and the Contractor's obligations under this Agreement for the Project and the FTA Master Agreement. Therefore, the Contractor agrees to include in each subagreement appropriate clauses directing the subrecipient to comply with those requirements applicable to the Contractor imposed by this Agreement for the Project or the FTA Master Agreement and extend

those requirements as necessary to any lower level subagreement or any third party contractor at each tier, except as FTA or the Department determines otherwise in writing.

i. No Federal/State Government Obligations to Third Parties. In connection with performance of the Project, the Contractor agrees that, absent the Federal/State Government's express written consent, the Federal/State Government shall not be subject to any obligations or liabilities to any subrecipient, third party contractor, lessee, or other person or entity that is not a party to this Agreement for the Project. Notwithstanding that the Federal/State Government may have concurred in or approved any solicitation, subagreement, lease, or third party contract at any tier, the Federal/State Government has no obligations or liabilities to any such entity, including any subrecipient, lessee or third party contractor at any tier.

j. Changes in Project Performance (i.e., Disputes, Breaches, Defaults, or Litigation). The Contractor agrees to notify the Department immediately, in writing, of any change in local law, conditions (including its legal, financial, or technical capacity), or any other event that may adversely affect the Contractor's ability to perform the Project as provided in this Agreement for the Project. The Contractor also agrees to notify FTA and the Department immediately, in writing, of any current or prospective major dispute, breach, default, or litigation that may adversely affect the Federal/State Government's interests in the Project or the Federal/State Government's administration or enforcement of Federal/State laws or regulations. The Contractor also agrees to inform FTA and the Department, also in writing, before naming the Federal or State Government as a party to litigation for any reason, in any forum. At a minimum, the Contractor agrees to send each notice to FTA required by this subsection to the FTA Regional Counsel within whose region the Contractor implements the Project.

k. Limitations of Agreement. This Agreement shall be subject to the availability of Federal and State funds, and contingent upon the terms and conditions of the Master Agreement between the FTA and the Department.

Section 3. Insurance & Real Property

a. The Contractor shall be responsible for protecting the state and/or federal financial interest in the facility construction/renovation and equipment purchased under this Agreement throughout the useful life. The Contractor shall provide, as frequently and in such manner as the Department may require, written documentation that the facility and equipment are insured against loss in an amount equal to or greater than the state and/or federal share of the real value of the facility or equipment. Failure of the Contractor to provide adequate insurance shall be considered a breach of contract and, after notification may result in termination of this Agreement.

In addition, other insurance requirements may apply, the Contractor agrees as follows:

(1). Minimum Requirements. At a minimum, the Contractor agrees to comply with the insurance requirements normally imposed by North Carolina State and local laws, regulations, and ordinances, except to the extent that the Department determines otherwise in writing.

(2). Flood Hazards. To the extent applicable, the Contractor agrees to comply with the flood insurance purchase provisions of Section 102(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. § 4012a(a), with respect to any Project activity involving construction or an acquisition having an insurable cost of \$10,000 or more.

b. Recording Title to Real Property To the extent required by FTA and the Department, the Contractor agrees to record the Federal and/or State's interest in title to real property used in connection with the Project and/or execute at the request of the Department any instrument or documents evidencing or related to the State's interest in the Project's property.

(1) As a condition of its participation in a Facility Project, the Department will retain a secured interest in the Project for the estimated life of the Project,

expected to be forty (40) years, following completion of the Project; or the prorated share of the original investment or current fair market value (the higher value of the two); whichever comes first.

To the extent required by FTA and the Department, the Contractor agrees to record the Federal and State interest in title to real property used in connection with the Project.

c. Department Approval of Changes in Real Property Ownership. The Contractor agrees that it will not dispose of, modify the use of, or change the terms of the real property title, or other interest in the site and facilities used in the Project without prior written permission and instructions from the Department.

d. Disposal of Real Property.

- (1) If useful life is not attained, upon the sale or disposition of any Project facility, the Department shall be entitled to a refund of the original state and/or federal investment or the state and/or federal prorated share of the current fair market value of the project facility, whichever is greater.
- (2) For the purpose of this Agreement, the term "any sale or disposition of the Project facility" shall mean any sale or disposition of the facility for a use not consistent with purposes for which the state and/or federal share was originally granted pursuant to the Project Agreement, or for a use consistent with such purposes wherein the transferee in the sale or disposition does not enter into an assignment and assumption agreement with the Contractor with respect to the Contractor's obligation under this Agreement or the Grant Agreement, so that the transferee becomes obligated as if the transferee had been the original party.

Section 4. Ethics.

a. Code of Ethics. The Contractor agrees to maintain a written code or standards of conduct that shall govern the actions of its officers, employees, board members, or agents engaged in the award or administration of third party contracts, subagreements, or leases financed with Federal/State assistance. The Contractor agrees that its code or standards of conduct shall specify that its officers, employees, board members, or agents may neither solicit nor accept gratuities, favors, or anything of monetary value from any present or potential third party contractor at any tier, any subrecipient at any tier or agent thereof, or any lessee. Such a conflict would arise when an employee, officer, board member, or agent, including any member of his or her immediate family, partner, or organization that employs, or intends to employ, any of the parties listed herein has a financial interest in the firm selected for award. The Contractor may set de minimis rules where the financial interest is not substantial, or the gift is an unsolicited item of nominal intrinsic value. The Contractor agrees that its code or standards shall also prohibit its officers, employees, board members, or agents from using their respective positions in a manner that presents a real or apparent personal or organizational conflict of interest or personal gain. As permitted by State or local law or regulations, the Contractor agrees that its code or standards of conduct shall include penalties, sanctions, or other disciplinary actions for violations by its officers, employees, board members, or their agents, its third party contractors or sub-recipients or their agents.

(1) Gifts. N.C.G.S. § 133-32 and Executive Order 24, of October 1, 2009 prohibit the offer to, or acceptance by, any State Employee of any gift from anyone with a contract with the State, or from any person seeking to do business with the State. By execution of this Agreement, Contractor attests, for its entire organization and its employees or agents, that it is not aware that any gift in violation of N.C.G.S. § 133-32 and Executive Order 24 has been offered, accepted, or promised by any employees of Contractor.

(2) Personal Conflicts of Interest. The Contractor agrees that its code or standards of conduct shall prohibit the Contractor's employees, officers, board members, or agents from participating in the selection, award, or administration of any third party contract, or sub-agreement supported by Federal/State assistance if a real or apparent conflict of interest would be involved. Such a conflict would arise when an employee, officer, board member, or agent, including any member of his or her immediate family, partner, or organization that employs, or intends to employ, any of the parties listed herein has a financial interest in the firm selected for award.

(3) Organizational Conflicts of Interest. The Contractor agrees that its code or standards of conduct shall include procedures for identifying and preventing real and apparent organizational conflicts of interest. An organizational conflict of interest exists when the nature of the work to be performed under a proposed third party contract or sub-agreement, may, without some restrictions on future activities, result in an unfair competitive advantage to the third party contractor or sub-recipient or impair its objectivity in performing the contract work.

b. Debarment and Suspension. The Contractor agrees to comply, and assures the compliance of each third party contractor, sub-recipient, or lessee at any tier, with Executive Orders Nos. 12549 and 12689, "Debarment and Suspension," 31 U.S.C. § 6101 note, and U.S. DOT regulations, "Government-wide Debarment and Suspension (Non-procurement)," 49 C.F.R. Part 29. The Contractor agrees to, and assures that its third party contractors, sub-recipients, and lessees will, review the Excluded Parties Listing System at (<http://epls.arnet.gov/>) before entering into any contracts.

c. Bonus or Commission. The Contractor affirms that it has not paid, and agrees not to pay, any bonus or commission to obtain approval of its Federal/State assistance application for the Project.

d. Lobbying Restrictions. The Contractor agrees that:

a) In compliance with 31 U.S.C. 1352(a), it will not use Federal assistance to pay the costs of influencing any officer or employee of a Federal agency, Member of Congress, officer of Congress or employee of a member of Congress, in connection with making or extending the Grant Agreement;

b) It will comply with other applicable Federal laws and regulations prohibiting the use of Federal assistance for activities, designed to influence Congress or a State legislature with respect to legislation or appropriations, except through proper, official channels; and

c) It will comply, and will assure the compliance of each sub-recipient, lessee, or third party contractor at any tier, with U.S. DOT regulations, "New Restrictions on Lobbying," 49 C.F.R. Part 20, modified as necessary by 31 U.S.C. § 1352.

e. Employee Political Activity. To the extent applicable, the Contractor agrees to comply with the provisions of the Hatch Act, 5 U.S.C. §§ 1501 through 1508, and 7324 through 7326, and U.S. Office of Personnel Management regulations, "Political Activity of State or Local Officers or Employees," 5 C.F.R. Part 151. The Hatch Act limits the political activities of State and local agencies and their officers and employees, whose principal employment activities are financed in whole or part with Federal funds including a Federal grant, cooperative agreement, or loan. Nevertheless, in accordance with 49 U.S.C. § 5307(k)(2)(B) and 23 U.S.C. § 142(g), the Hatch Act does not apply to a non-supervisory employee of a public transportation system (or of any other agency or entity performing related functions) receiving FTA assistance to whom the Hatch Act would not otherwise apply.

f. False or Fraudulent Statements or Claims. The Contractor acknowledges and agrees that:

(1) Civil Fraud. The Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. §§ 3801 et seq., and U.S. DOT regulations, "Program Fraud Civil

Remedies," 49 C.F.R. Part 31, apply to its activities in connection with the Project. By executing this Agreement for the Project, the Contractor certifies or affirms the truthfulness and accuracy of each statement it has made, it makes, or it may make in connection with the Project. In addition to other penalties that may apply, the Contractor also understands that if it makes a false, fictitious, or fraudulent claim, statement, submission, certification, assurance, or representation to the Federal/State Government concerning the Project, the Federal/State Government reserves the right to impose on the Contractor the penalties of the Program Fraud Civil Remedies Act of 1986, as amended, to the extent the Federal/State Government deems appropriate.

(2) Criminal Fraud. If the Contractor makes a false, fictitious, or fraudulent claim, statement, submission, certification, assurance, or representation to the Federal/State Government or includes a false, fictitious, or fraudulent statement or representation in any agreement with the Federal/State Government in connection with a Project authorized under 49 U.S.C. chapter 53 or any other Federal law, the Federal/State Government reserves the right to impose on the Contractor the penalties of 49 U.S.C. § 5323(l), 18 U.S.C. § 1001 or other applicable Federal/State law to the extent the Federal/State Government deems appropriate.

Section 5. Project Expenditures

a. General. The Department shall reimburse the Contractor for allowable costs for work performed under the terms of this Agreement which shall be financed with Federal Section 5303 funds and State matching funds. The Contractor shall expend funds provided in this Agreement in accordance with the approved PWP and approved Project Budget included as Attachment A to this Agreement. It is understood and agreed that the work conducted pursuant to this Agreement shall be done on an actual cost basis by the Contractor. Expenditures submitted for reimbursement shall include all eligible cost incurred within the Period Covered. The Period Covered represents the monthly or quarterly timeframe in which the project reports expenditures to the Department. All payments issued by the Department will be on a reimbursable basis unless the Contractor requests and the Department approves an advance payment. The Department allows grantees in good standing to request advance payment (prior to issuing payment to the vendor) for vehicles and other high-cost capital items. The Contractor agrees to deposit any advance payments into its account when received and issue payment to the vendor within 3 (three) business days. The amount of reimbursement from the Department shall not exceed the funds budgeted in the approved Project Budget. The Contractor shall initiate and prosecute to completion all actions necessary to enable the Contractor to provide its share of project costs at or prior to the time that such funds are needed to meet project costs. The Contractor shall provide its share of project costs from sources other than FTA and State funds from the Department. Any costs for work not eligible for Federal and State participation shall be financed one hundred percent (100%) by the Contractor.

b. Payment and Reimbursement. The Contractor shall submit itemized invoices requesting reimbursement to the Department for the Period Covered not more frequently than monthly, nor less frequently than quarterly, reporting on the Department's Uniform Public Transportation Accounting System (UPTAS) invoicing forms furnished by the Department for work performed under this Agreement. Invoices shall be supported by documentation of costs unless otherwise waived by the Department. Expenditures submitted for reimbursement shall include all eligible costs incurred within the Period Covered. All requests for reimbursement must be submitted within (30) days following the end of the project's reporting period. Failure to request reimbursement for eligible projects costs incurred within the Period Covered as outlined may result in non-payment and/or termination of the Project. Invoices shall be approved by the Department's Public Transportation Division and reviewed by the Department's External Audit Branch prior to payment.

Additional forms must be submitted with reimbursement requests to report on contracting activities with Disadvantaged Business Enterprise (DBE) firms.

c. Excluded Costs. The Contractor understands and agrees that, except to the extent the Department determines otherwise in writing, ineligible costs will be treated as follows:

(1) In determining the amount of Federal/State assistance the Department will provide, the Department will exclude:

(a) Any Project cost incurred by the Contractor before the Effective Date of the Grant;

(b) Any cost that is not included in the latest Approved Project Budget;

(c) Any cost for Project property or services received in connection with a third party contract or subagreement with a subrecipient that must be approved by the Department, or other arrangement required to be, but has not been, concurred in or approved in writing by the Department;

(d) Any non-project cost consistent with the prohibitions of 49 U.S.C. § 5323(h); and

(e) Any cost ineligible for FTA/Department participation as provided by applicable Federal/State laws, regulations, or directives.

(2) The Contractor shall limit reimbursement for meals, lodging and travel to the rates established by the State of North Carolina Travel Policy. Costs incurred by the Contractor in excess of these rates shall be borne by the contractor.

(3) The Contractor understands and agrees that payment to the Contractor for any Project cost does not constitute the Federal/State Government's final decision about whether that cost is allowable and eligible for payment and does not constitute a waiver of any violation by the Contractor of the terms of this Agreement. The Contractor acknowledges that the Federal/State Government will not make a final determination about the allowability and eligibility of any cost until an audit of the Project has been completed. If the Federal/State Government determines that the Contractor is not entitled to receive any portion of the Federal/State assistance the Contractor has requested or provided, the Department will notify the Contractor in writing, stating its reasons. The Contractor agrees that Project closeout will not alter the Contractor's responsibility to return any funds due the Federal/State Government as a result of later refunds, corrections, or other transactions; nor will Project closeout alter the Federal/State Government's right to disallow costs and recover funds on the basis of a later audit or other review. Unless prohibited by Federal/State law or regulation, the Federal/State Government may recover any Federal/State assistance funds made available for the Project as necessary to satisfy any outstanding monetary claims that the Federal/State Government may have against the Contractor.

d. Federal/State Claims, Excess Payments, Disallowed Costs, including Interest.

(1) Contractor's Responsibility to Pay. Upon notification to the Contractor that specific amounts are owed to the Federal/State Government, whether for excess payments of Federal/State assistance, disallowed costs, or funds recovered from third parties or elsewhere, the Contractor agrees to remit to the Department promptly the amounts owed, including applicable interest and any penalties and administrative charges.

(2) Amount of Interest. The Contractor agrees to remit to the Department interest owed as determined in accordance with N.C.G.S. 147-86.23.

(3) Payment to FTA. The Department shall be responsible to remit amounts owed to FTA, after receipt of repayment from the Contractor.

e. De-obligation of Funds. The Contractor agrees that the Department may de-obligate unexpended Federal and State funds before Project closeout.

Section 6. Accounting Records.

a. Establishment and Maintenance of Accounting Records. The Contractor shall establish and maintain separate accounts for the public transportation program, either independently or within the existing accounting system. All costs charged to the program shall be in accordance with most current approved budget and shall be reported to the Department in accordance with invoicing forms provided by the Department and the approved PWP.

b. Documentation of Project Costs. All costs charged to the Project, including any approved services performed by the Contractor or others, shall be supported by properly executed payrolls, time records, invoices, contracts, or vouchers evidencing in detail the nature and propriety of the charges, as referenced in 49 C.F.R. 18, the Office of Management and Budget Circulars A-87, "Costs Principles for State, Local, and Indian Tribal Governments" and A-102 "Grants and Cooperative Agreements with State and Local Governments."

c. Allowable Costs. Expenditures made by the Contractor shall be reimbursed as allowable costs to the extent they meet all of the requirements set forth below. They must be:

(1) Based on work completed to the satisfaction of the Department within the timeframe established by the most current approved PWP, and further be made in conformance with the PWP Description and the PWP Budget and all other provisions of this Agreement;

(2) Necessary in order to accomplish the Project;

(3) Reasonable in amount for the goods or services purchased;

(4) Actual net costs to the Contractor, i.e., the price paid minus any refunds (e.g., refundable sales and use taxes pursuant to N.C.G.S. 105-164.14), rebates, or other items of value received by the Contractor that have the effect of reducing the cost actually incurred;

(5) Incurred (and be for work performed) within the period of performance and period covered of this Agreement unless specific authorization from the Department to the contrary is received;

(6) In conformance with the standards for allowability of costs set forth in Office of Management and Budget (OMB) Circular A-87 "Cost Principles for State, Local, and Indian Tribal Governments;"

(7) Satisfactorily documented; and

(8) Treated uniformly and consistently under accounting principles and procedures approved or prescribed by the Department.

Section 7. Reporting, Record Retention, and Access.

a. Reports. The Contractor shall advise the Department regarding the progress of the Project at a minimum quarterly and at such time and in such a manner as the Department may require. Such reporting and documentation may include, but not limited to meetings and progress reports. The Contractor shall collect and submit to the Department such financial statements, data, records, contracts, and other documents related to the Project as may be deemed necessary by the Department. Such reports shall include narrative and financial statements of sufficient substance to be in conformance with the reporting requirements of the Department. Progress reports throughout the useful life of the project equipment shall be used, in part, to document utilization of the project equipment. Failure to fully utilize the project equipment in the manner directed by the Department shall constitute a breach of

contract, and after written notification by the Department, may result in termination of the Agreement or any such remedy as the Department deems appropriate.

The Contractor will be responsible for having an adequate cost accounting system, and the ongoing burden of proof of adequacy for such system shall be upon the Contractor. The Department will determine whether or not the Contractor has an adequate cost accounting system. Such determination shall be documented initially prior to payment of any invoices pursuant to the Agreement, and from time to time as deemed necessary by the Department. In the event of a negative finding during such determining proceedings, the Department may suspend, revoke, or place conditions upon its determination, and/or may recommend or require remedial actions as appropriate.

b. Record Retention. The Contractor and its third party contractors shall retain all records pertaining to this Project for a period of five (5) years from the date of final payment to the Contractor, or until all audit exceptions have been resolved, whichever is longer, in accordance with "Records Retention and Disposition Schedule – Public Transportation Systems and Authorities, April 1, 2006," at (<http://www.ah.dcr.state.nc.us/records/local/>).

c. Access to Records of Contractor and Subcontractors. The Contractor shall permit and shall require its third party contractors to permit the Department, the Comptroller General of the United States, and the Secretary of the United States Department of Transportation, or their authorized representatives, to inspect all work, materials, payrolls, and other data and records with regard to the Project, and to audit the books, records, and accounts of the Contractor pertaining to the Project. The Department shall reserve the right to reject any and all materials and workmanship for defects and incompatibility with Project Description or excessive cost. The Department shall notify the Contractor, in writing, if materials and/or workmanship are found to be unacceptable. The Contractor shall have ninety (90) days from notification to correct defects or to provide acceptable materials and/or workmanship. Failure by the Contractor to provide acceptable materials and/or workmanship, or to correct noted defects, shall constitute a breach of contract.

d. Project Closeout. The Contractor agrees that Project closeout does not alter the reporting and record retention requirements of this Section 6 of this Agreement.

Section 8. Project Completion, Audit, Settlement, and Closeout.

a. Project Completion. Within ninety (90) calendar days following Project completion, the end of the Project's period of performance, or termination by the Department, the Contractor agrees to submit a final reimbursement request to the Department for eligible Project expenses.

b. Financial Reporting and Audit Requirements. In accordance with OMB Circular A-133, "Audits of State, Local Governments and Non-Profit Organizations," revised on June 27, 2003, and N.C.G.S. 159-34, the Contractor shall have its accounts audited as soon as possible after the close of each fiscal year by an independent auditor. The Contractor agrees to submit the required number of copies of the audit reporting package to the Local Government Commission four months after the Contractor's fiscal year-end.

c. Audit Costs. Unless prohibited by law, the costs of audits made in accordance with the provisions of OMB Circular A-133 are allowable charges to State and Federal awards. The charges may be considered a direct cost or an allocated indirect cost, as determined in accordance with cost principles outlined in OMB Circular A-87 "Cost Principles for State, Local, and Indian Tribal Governments." The cost of any audit not conducted in accordance with OMB Circular A-133 and N.C.G.S. 159-34 is unallowable and shall not be charged to State or Federal grants.

d. Funds Owed to the Department. The Contractor agrees to remit to the Department any excess payments made to the Contractor, any costs disallowed by the Department, and any amounts recovered by the Contractor from third parties or from other sources, as well as any penalties and any interest required by Subsection 4g of this Agreement.

e. Project Closeout. Project closeout occurs when the Department issues the final project payment or acknowledges that the Contractor has remitted the proper refund. The Contractor agrees that Project closeout by the Department does not invalidate any continuing requirements imposed by this Agreement.

Section 9. Civil Rights. The Contractor agrees to comply with all applicable civil rights laws and implementing regulations including, but not limited to, the following:

a. Nondiscrimination in Federal Public Transportation Programs. The Contractor agrees to comply, and assures the compliance of each third party contractor at any tier and each subrecipient at any tier of the Project, with the provisions of 49 U.S.C. § 5332, which prohibit discrimination on the basis of race, color, creed, national origin, sex, or age, and prohibits discrimination in employment or business opportunity.

b. Nondiscrimination – Title VI of the Civil Rights Act. The Contractor agrees to comply, and assures the compliance of each third party contractor at any tier and each subrecipient at any tier of the Project, with all provisions prohibiting discrimination on the basis of race, color, or national origin of Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. §§ 2000d et seq., and with U.S. DOT regulations, "Nondiscrimination in Federally-Assisted Programs of the Department of Transportation – Effectuation of Title VI of the Civil Rights Act," 49 C.F.R. Accordingly, the Contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, sex, disability, age, or national origin. The Contractor agrees to take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, sex, disability, age, or national origin. Such action shall include, but not be limited to, employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

d. Disadvantaged Business Enterprises.

(1) Policy. It is the policy of the North Carolina Department of Transportation that Disadvantaged Business Enterprises (DBEs) as defined in *49 CFR Part 26* shall have the equal opportunity to compete fairly for and to participate in the performance of contracts financed in whole or in part by Federal Funds.

The Contractor is also encouraged to give every opportunity to allow DBE participation in Supplemental Agreements.

(2) Obligation. The Contractor, subconsultant, and subcontractor shall not discriminate on the basis of race, religion, color, national origin, age, disability or sex in the performance of this contract. The Contractor shall comply with applicable requirements of *49 CFR Part 26* in the award and administration of federally assisted contracts. Failure by the Contractor to comply with these requirements is a material breach of this contract, which will result in the termination of this contract or such other remedy, as the Department deems necessary.

(3) Goals. Even though specific DBE goals are not established for this project, the Department encourages the Contractor to have participation from DBE contractors and/or suppliers

(4) Listing of DBE Subcontractors. The contractor, at the time the Letter of Interest is submitted, shall submit a listing of all known DBE contractors that will participate in the performance of the identified work. The participation shall be submitted on the

Department's Form RS-2. In the event the contractor has no DBE participation, the contractor shall indicate this on the Form RS-2 by entering the word 'None' or the number 'zero' and the form shall be signed. Form RS-2 may be accessed on the website at <https://apps.dot.state.nc.us/quickfind/forms/Default.aspx>.

(5) Certified Transportation Contractor Directory. The Directory can be accessed by the link on the Department's homepage or by entering <https://apps.dot.state.nc.us/vendor/directory/> in the address bar of your web browser. Only contractors identified as DBE certified in the Directory shall be listed in the proposal.

The listing of an individual contractor in the Department's directory shall not be construed as an endorsement of the contractor's capability to perform certain work.

(6) Reporting Disadvantaged Business Enterprise Participation. When payments are made to Disadvantaged Business Enterprise (DBE) contractors, including material suppliers, contractors at all levels (Contractor, subconsultant or subcontractor) shall provide the Contract Administrator with an accounting of said payments. The accounting shall be listed on the Department's Subcontractor Payment Information Form (Form DBE-IS). In the event the contractor has no DBE participation, the contractor shall indicate this on the Form DBE-IS by entering the word 'None' or the number 'zero' and the form shall be signed. Form DBE-IS may be accessed on the website at <https://apps.dot.state.nc.us/quickfind/forms/Default.aspx>.

A responsible fiscal officer of the payee Contractor, subconsultant or subcontractor who can attest to the date and amounts of the payments shall certify that the accounting is correct. A copy of an acceptable report may be obtained from the Department of Transportation. This information shall be submitted as part of the requests for payments made to the Department.

e. Access for Individuals with Disabilities. The Contractor agrees to comply with 49 U.S.C. § 5301(d), which states the Federal policy that elderly individuals and individuals with disabilities have the same right as other individuals to use public transportation services and facilities, and that special efforts shall be made in planning and designing those services and facilities to implement transportation accessibility rights for elderly individuals and individuals with disabilities. The Contractor also agrees to comply with all applicable provisions of Section 504 of the Rehabilitation Act of 1973, as amended, with 29 U.S.C. § 794, which prohibits discrimination on the basis of disability; with the Americans with Disabilities Act of 1990 (ADA), as amended, 42 U.S.C. §§ 12101 et seq., which requires that accessible facilities and services be made available to individuals with disabilities; and with the Architectural Barriers Act of 1968, as amended, 42 U.S.C. §§ 4151 et seq., which requires that buildings and public accommodations be accessible to individuals with disabilities. In addition, the Contractor agrees to comply with applicable Federal regulations and directives and any subsequent amendments thereto, except to the extent the Department determines otherwise in writing, as follows:

i. Other Nondiscrimination Laws. The Contractor agrees to comply with all applicable provisions of other Federal laws, regulations, and directives pertaining to and prohibiting discrimination that are applicable, except to the extent the Department determines otherwise in writing.

Section 10. Planning and Private Enterprise.

a. General. To the extent applicable, the Contractor agrees to implement the Project in a manner consistent with the plans developed in compliance with the Federal planning and private enterprise provisions of the following: (1) Federal Transit law, specifically, 49 U.S.C. §§ 5303, 5304, 5306, and 5323(a)(1); (2) the joint Federal Highway Administration (FHWA)/FTA document, "Interim Guidance for Implementing Key SAFETEA-LU Provisions on Planning, Environment, and Air Quality for Joint FHWA/FTA Authorities," dated September 2, 2005, as amended by joint FHWA/FTA guidance, "SAFETEA-LU Deadline for New Planning Requirements (July 1, 2007)," dated May 2, 2006, and other subsequent Federal directives implementing SAFETEA-LU, except to the extent FTA determines otherwise in writing; (3) joint FHWA/FTA regulations, "Planning Assistance and Standards," 23 C.F.R. Part 611, to the extent that those regulations are consistent with the SAFETEA-LU amendments to the public transportation planning and private enterprise laws, and any subsequent amendments to those regulations that may be subsequently promulgated.

b. Governmental and Private Nonprofit Providers of Nonemergency Transportation. In addition to providing opportunities to participate in planning as described in Subsection 9a of this Agreement, to the extent feasible the Contractor agrees to comply with the provisions of 49 U.S.C. § 5323(k), which afford governmental agencies and nonprofit organizations that receive Federal assistance for nonemergency transportation from Federal Government sources (other than U.S. DOT) an opportunity to be included in the design, coordination, and planning of transportation services.

c. Infrastructure Investment. During the implementation of the Project, the Contractor agrees to take into consideration the recommendations of Executive Order No. 12803, "Infrastructure Privatization," 31 U.S.C. § 501 note, and Executive Order No. 12893, "Principles for Federal Infrastructure Investments," 31 U.S.C. § 501 note.

Section 11. Preference for United States Products and Services. To the extent applicable, the Contractor agrees to comply with U.S. domestic preference requirements.

a. Federal Standards. The Contractor agrees to comply with the third party procurement requirements of 49 U.S.C. chapter 53 and other applicable Federal laws in effect now or as subsequently enacted; with U.S. DOT third party procurement regulations of 49 C.F.R. §§ 18.36 and other applicable Federal regulations pertaining to third party procurements and subsequent amendments thereto, to the extent those regulations are consistent with SAFETEA-LU provisions; and Article 8 of Chapter 143 of the North Carolina General Statutes. The Contractor also agrees to comply with the provisions of FTA Circular 4220.1E, "Third Party Contracting Requirements," to the extent those provisions are consistent with SAFETEA-LU provisions and with any subsequent amendments thereto, except to the extent the Department or the FTA determines otherwise in writing. Although the FTA "Best Practices Procurement Manual" provides additional procurement guidance, the Contractor understands that the FTA "Best Practices Procurement Manual" is focused on third party procurement processes and may omit certain Federal requirements applicable to the third party contract work to be performed. The Contractor shall establish written procurement procedures that comply with the required Federal and State standards.

b. Full and Open Competition. In accordance with 49 U.S.C. § 5325(a), the Contractor agrees to conduct all procurement transactions in a manner that provides full and open competition as determined by the Department and FTA.

c. Exclusionary or Discriminatory Specifications. Apart from inconsistent requirements imposed by Federal laws or regulations, the Contractor agrees to comply with the requirements of 49 U.S.C. § 5325(h) by not using any Federal assistance awarded by FTA to support a procurement using exclusionary or discriminatory specifications.

d. Geographic Restrictions. The Contractor agrees that it will not use any State or local geographic preference, except State or local geographic preferences expressly mandated or as permitted by FTA. However, for example, in procuring architectural, engineering, or related services, the Contractor's geographic location may be a selection criterion, provided that a sufficient number of qualified firms are eligible to compete.

e. Neutrality in Labor Relations. To the extent permitted by law, the Contractor agrees to comply with Executive Order No. 13202, "Preservation of Open Competition and

Government Neutrality Towards Government Contractors' Labor Relations on Federal and Federally Funded Construction Projects," Executive Order No. 13202, as amended by Executive Order No. 13208, 41 U.S.C. § 251 note, which among other things prohibits requirements for affiliation with a labor organization as a condition for award of any third party contract or subcontract for construction or construction management services, unless the Federal Government determines otherwise in writing.

f. Federal Supply Schedules. State, local, or nonprofit Recipients may not use Federal Supply Schedules to acquire federally assisted property or services except to the extent permitted by U.S. GSA, U.S. DOT, or FTA laws, regulations, directives, or determinations.

g. Force Account. The Contractor agrees that FTA may determine the extent to which Federal assistance may be used to participate in force account costs.

h. Project Approval/Third Party Contract Approval. Except to the extent the Department determines otherwise in writing, the Contractor agrees that the Department's award of Federal and State assistance for the Project does not, by itself, constitute pre-approval of any non-competitive third party contract associated with the Project.

i. Preference for Recycled Products. To the extent applicable, the Contractor agrees to comply with U.S. EPA regulations, "Comprehensive Procurement Guidelines for Products Containing Recovered Materials," 40 C.F.R. Part 247, which implements Section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962, and with subsequent Federal regulations that may be promulgated. Accordingly, the Contractor agrees to provide a competitive preference for products and services that conserve natural resources, protect the environment, and are energy efficient.

j. Clean Air and Clean Water. The Contractor agrees to include in each third party contract and subagreement exceeding \$100,000 adequate provisions to ensure that each Project participant will agree to report the use of facilities placed on or likely to be placed on the U.S. Environmental Protection Agency (U.S. EPA) "List of Violating Facilities," to not use any violating facilities, to report violations to the Department and the Regional U.S. EPA Office, and to comply with the inspection and other applicable requirements of:

(1) Section 306 of the Clean Air Act, as amended, 42 U.S.C. § 7414, and other applicable provisions of the Clean Air Act, as amended, 42 U.S.C. §§ 7401 through 7671q; and

(2) Section 508 of the Clean Water Act, as amended, 33 U.S.C. § 1368, and other applicable requirements of the Clean Water Act, as amended, 33 U.S.C. §§ 1251 through 1377.

k. National Intelligent Transportation Systems Architecture and Standards. To the extent applicable, the Contractor agrees to conform to the National Intelligent Transportation Systems (ITS) Architecture and Standards as required by SAFETEA-LU § 5307(c), 23 U.S.C. § 512 note, and comply with FTA Notice, "FTA National ITS Architecture Policy on Transit Projects" 66 Fed. Reg. 1455 et seq., January 8, 2001, and any subsequent further implementing directives, except to the extent FTA or the Department determines otherwise in writing.

l. Competitive Proposal/Request for Proposal (RFP). The competitive proposal/request for proposal (RFP) method of procurement is normally conducted with more than one source submitting an offer, i.e., proposal. Either a fixed price or cost reimbursement type contract is awarded. This method of procurement is generally used when conditions are not appropriate for the use of sealed bids. The Contractor acknowledges that certain restrictions apply under North Carolina law for use of the RFP method and these restrictions and exceptions are discussed below.

(1) The Contractor agrees that the RFP Method may not be used in lieu of an invitation for bids (IFB) for:

(a) Construction/repair work; or

(b) Purchase of apparatus, supplies, materials or equipment. See next Subsection, this Agreement, regarding information technology goods as services.

(2) The Contractor agrees that the RFP method of solicitation may be used (in addition to or instead of any other procedure available under North Carolina law) for the procurement of information technology goods and services [as defined in N.C.G.S. 147-33.81(2)]. This applies to electronic data processing goods and services, telecommunications goods and services, security goods and services, microprocessors, software, information processing, office systems, any services related to the foregoing, and consulting or other services for design or redesign of information technology supporting business processes. The Contractor will comply with the following minimum requirements [N.C.G.S. 143-129.8]:

(a) Notice of the request for proposals shall be given in accordance with N.C.G.S. 143-129(b).

(b) Contracts shall be awarded to the person or entity that submits the best overall proposal as determined by the awarding authority. Factors to be considered in awarding contracts shall be identified in the request for proposals.

(c) The Contractor may use procurement methods set forth in N.C.G.S. 143-135.9 in developing and evaluating requests for proposals.

(d) The Contractor may negotiate with any proposer in order to obtain a final contract that best meets the needs of the Contractor.

(e) Any negotiations shall not alter the contract beyond the scope of the original request for proposals in a manner that deprives the proposers or potential proposers of a fair opportunity to compete for the contract; and would have resulted in the award of the contract to a different person or entity if the alterations had been included in the request for proposals.

(f) Proposals submitted shall not be subject to public inspection until a contract is awarded.

(3) The Contractor agrees that the RFP method, in accordance with FTA Circular 4220.1E, under the guidelines of FTA "Best Practices Procurement Manual," should be used for procurements of professional services, such as consultants for planning activities and for transit system operations/management. The Contractor acknowledges that certain restrictions apply under North Carolina law for use of the RFP method and these restrictions and exceptions are discussed in Subsection 11l. of this Agreement.

(4) When the RFP method is used for procurement of professional services, the Contractor agrees to abide by the following minimum requirements:

(a) Normally conducted with more than one source submitting an offer (proposal);

(b) Either fixed price or cost reimbursement type contract will be used;

(c) Generally used when conditions are not appropriate for use of sealed bids;

(d) Requests for proposals will be publicized;

(e) All evaluation factors will be identified along with their relative importance;

(f) Proposals will be solicited from an adequate number (3 is recommended) of qualified sources;

(g) A standard method must be in place for conducting technical evaluations of the proposals received and for selecting awardees;

(h) Awards will be made to the responsible firm whose proposal is most advantageous to the Contractor's program with price and other factors considered; and

(i) In determining which proposal is most advantageous, the Contractor may award to the proposer whose proposal offers the greatest business value (best

value) to the agency. "Best value" is based on determination of which proposal offers the best tradeoff between price and performance, where quality is considered an integral performance factor.

m. Award to Other than the Lowest Bidder. In accordance with Federal and State statutes, a third party contract may be awarded to other than the lowest bidder, if the award furthers an objective (such as improved long-term operating efficiency and lower long-term costs). When specified in bidding documents, factors such as discounts, transportation costs, and life cycle costs will be considered in determining which bid is lowest. Prior to the award of any contract equal to or greater than \$2,500 to other than apparent lowest bidder, the Contractor shall submit its recommendation along with basis/reason for selection to the Department for pre-award approval.

n. Award to Responsible Contractors. The Contractor agrees to award third party contracts only to responsible contractors who possess potential ability to successfully perform under the terms and conditions of the proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources. Contracts will not be awarded to parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs or activities in accordance with the Federal debarment and suspension rule, 49 C.F.R. 29. For procurements over \$25,000, the Contractor shall comply, and assure the compliance of each third party contractor and subrecipient at any tier, with the debarment and suspension rule. FTA and the Department recommend that grantees use a certification form for projects over \$25,000, which are funded in part with Federal funds. A sample certification form can be obtained from the Department. The Contractor also agrees to check a potential contractor's debarment/suspension status at the following Web site: <http://epls.arnet.gov/>.

o. Procurement Notification Requirements. With respect to any procurement for goods and services (including construction services) having an aggregate value of \$500,000 or more (in Federal funds), the Contractor agrees to:

(1) Specify the amount of Federal and State funds that will be used to finance the acquisition in any announcement of the contract award for such goods or services; and

(2) Express the said amount as a percentage of the total costs of the planned acquisition.

p. Contract Administration System. The Contractor shall maintain a contract administration system that ensures that contractors/subcontractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

q. Access to Third Party Contract Records. The Contractor agrees, and agrees to require its third party contractors and third party subcontractors, at as many tiers of the Project as required, to provide to the Federal and State awarding agencies or their duly authorized representatives, access to all third party contract records to the extent required by 49 U.S.C. § 5325(g), and retain such documents for at least five (5) years after project completion.

Section 13. Leases.

a. Capital Leases. To the extent applicable, the Contractor agrees to comply with FTA regulations, "Capital Leases," 49 C.F.R. Part 639, and any revision thereto.

b. Leases Involving Certificates of Participation. The Contractor agrees to obtain the Department's concurrence before entering into any leasing arrangement involving the issuance of certificates of participation in connection with the acquisition of any capital asset.

Section 14. Patent Rights. If any invention, improvement, or discovery of the Contractor or any third party contractor or any subrecipient at any tier of the Project is conceived or first actually reduced to practice in the course of or under the Project, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any

foreign country, the Contractor agrees to notify the Department immediately and provide a detailed report in a format satisfactory to the Department. The Contractor agrees that its rights and responsibilities, and those of each third party contractor at any tier of the Project and each subrecipient at any tier of the Project, pertaining to that invention, improvement, or discovery will be determined in accordance with 37 C.F.R. Part 401 and any applicable Federal and State laws, regulations, including any waiver thereof.

Section 15. Rights in Data and Copyrights.

a. Data. The term "subject data," as used in this Section 14 of this Agreement means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under this Agreement for the Project. Examples include, but are not limited to: computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information. "Subject data" does not include financial reports, cost analyses, or similar information used for Project administration. The Contractor acknowledges that, regarding any subject data first produced in the performance of this Agreement for the Project, except for its own internal use, the Contractor may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of the Department, unless the Department has previously released or approved the release of such data to the public.

b. Copyrights. The Contractor acknowledges that the FTA reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes:

(1) The copyright in any work developed under this Agreement or subagreement/subcontract; and

(2) Any rights of copyright to which the Contractor or its subrecipients/subcontractors purchase ownership with funds awarded for this Project.

c. Hold Harmless. Except as prohibited or otherwise limited by State law or except to the extent that FTA or the Department determines otherwise in writing, upon request by the Federal or State Government, the Contractor agrees to indemnify, save, and hold harmless the Federal and State Government and its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under the Project. The Contractor shall not be required to indemnify the Federal or State Government for any such liability caused by the wrongful acts of Federal or State employees or agents.

Section 16. Employee Protections.

a. Activities Not Involving Construction. The Contractor agrees to comply, and assures the compliance of each third party contractor and each subrecipient at any tier of the Project, with the employee protection requirements for nonconstruction employees of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. §§ 3701 et seq., in particular the wage and hour requirements of Section 102 of that Act at 40 U.S.C. § 3702, and with U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Nonconstruction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. Part 5.

b. Activities Involving Commerce. The Contractor agrees that the provisions of the Fair Labor Standards Act, 29 U.S.C. §§ 201 et seq., apply to employees performing Project work involving commerce.

Section 17. Environmental Protections. The Contractor recognizes that many Federal and State laws imposing environmental and resource conservation requirements may apply to

the Project. Some, but not all, of the major Federal laws that may affect the Project include: the National Environmental Policy Act of 1969, as amended, 42 U.S.C. §§ 4321 through 4335; the Clean Air Act, as amended, 42 U.S.C. §§ 7401 through 7671q and scattered sections of Title 29, United States Code; the Clean Water Act, as amended, 33 U.S.C. §§ 1251 through 1377; the Resource Conservation and Recovery Act, as amended, 42 U.S.C. §§ 6901 through 6992k; the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, 42 U.S.C. §§ 9601 through 9675, as well as environmental provisions within Title 23, United States Code, and 49 U.S.C. chapter 53. The Contractor also recognizes that U.S. EPA, FHWA and other Federal agencies have issued, and in the future are expected to issue, Federal regulations and directives that may affect the Project. Thus, the Contractor agrees to comply, and assures the compliance of each third party contractor, with any applicable Federal laws, regulations and directives as the Federal Government are in effect now or become effective in the future, except to the extent the Federal Government determines otherwise in writing. Listed below are environmental provisions of particular concern to FTA and the Department. The Contractor understands and agrees that those laws, regulations, and directives may not constitute the Contractor's entire obligation to meet all Federal environmental and resource conservation requirements.

a. National Environmental Policy. Federal assistance is contingent upon the Contractor's facilitating FTA's compliance with all applicable requirements and implementing regulations of the National Environmental Policy Act of 1969, as amended, (NEPA) 42 U.S.C. §§ 4321 through 4335 (as restricted by 42 U.S.C. § 5159, if applicable); Executive Order No. 11514, as amended, "Protection and Enhancement of Environmental Quality," 42 U.S.C. § 4321 note; FTA statutory requirements at 49 U.S.C. § 5324(b); U.S. Council on Environmental Quality regulations pertaining to compliance with NEPA, 40 C.F.R. b. Air Quality. Except to the extent the Federal Government determines otherwise in writing, the Contractor agrees to comply with all applicable Federal laws, regulations, and directives implementing the Clean Air Act, as amended, 42 U.S.C. §§ 7401 through 7671q, and:

Part 51, Subpart T; and "Determining Conformity of Federal Actions to State or Federal Implementation Plans," 40 C.F.R. Part 93, and any subsequent Federal conformity regulations that may be promulgated. To support the requisite air quality conformity finding for the Project, the Contractor agrees to implement each air quality mitigation or control measure incorporated in the Project. The Contractor further agrees that any Project identified in an applicable State Implementation Plan (SIP) as a Transportation Control Measure will be wholly consistent with the design concept and scope of the Project described in the SIP.

c. Clean Water. Except to the extent the Federal Government determines otherwise in writing, the Contractor agrees to comply with all applicable Federal regulations and directives issued pursuant to the Clean Water Act, as amended, 33 U.S.C. §§ 1251 through 1377. In addition:

(1) The Contractor agrees to protect underground sources of drinking water consistent with the provisions of the Safe Drinking Water Act of 1974, as amended, 42 U.S.C. §§ 300f through 300j-6.

(1) In accordance with U.S. Advisory Council on Historic Preservation regulations, "Protection of Historic and Cultural Properties," 36 C.F.R. Part 800, the Contractor agrees to consult with the State Historic Preservation Officer concerning investigations to identify properties and resources included in or eligible for inclusion in the National Register of Historic Places that may be affected by the Project, and agrees to notify FTA of those properties that are affected.

The Contractor agrees to comply with the North Carolina Energy Policy Act of 1975 (N.C.G.S. 113B) issued in accordance with the Energy Policy and Conservation Act, as amended, 42 U.S.C. §§ 6321 et seq., except to the extent that the Department determines otherwise in writing. To the extent applicable, the Contractor agrees to perform an energy assessment for any building constructed, reconstructed, or modified with FTA assistance, as provided in FTA regulations, "Requirements for Energy Assessments," 49 C.F.R. Part 622, Subpart C.

Section 19. Substance Abuse. To the extent applicable, the Contractor agrees to comply with the following Federal substance abuse regulations:

Part 1520.

Section 22. Disputes, Breaches, Defaults, or Other Litigation. The Contractor agrees that FTA and the Department have a vested interest in the settlement of any dispute, breach, default, or litigation involving the Project. Accordingly:

a. Notification to the Department. The Contractor agrees to notify the Department in writing of any current or prospective major dispute, breach, default, or litigation that may affect the Federal/State Government's interests in the Project or the Federal/State Government's administration or enforcement of Federal/State laws or regulations. If the Contractor seeks to name the Federal/State Government as a party to litigation for any reason, in any forum, the Contractor agrees to inform the Department in writing before doing so. In turn, the Department shall be responsible for notifying FTA.

b. Federal/State Interest in Recovery. The Federal/State Government retains the right to a proportionate share, based on the percentage of the Federal/State share awarded for the Project, of proceeds derived from any third party recovery, except that the Contractor may return any liquidated damages recovered to its Project Account in lieu of returning the Federal/State share to the Department.

c. Enforcement. The Contractor agrees to pursue all legal rights provided within any third party contract.

d. FTA and Department Concurrence. The FTA and the Department reserve the right to concur in any compromise or settlement of any claim involving the Project and the Contractor.

The Contractor agrees that a change in Project circumstances causing an inconsistency with the terms of this Agreement for the Project will require an amendment or revision to this Agreement for the Project signed by the original signatories or their authorized designees or successors. The Contractor agrees that a change in the fundamental information submitted in its Application will also require an Amendment to its Application or this Agreement for the Project. The Contractor agrees that the project will not incur any costs associated with the amendment or revision before receiving notification of approval from the division. The Contractor agrees that any requests for amendments and or revisions will be submitted in accordance with the policies and procedures established by FTA and the Department.

This Agreement may include electronic links/Web site addresses to Federal/State laws, regulations, and directives as well as other information. The Department does not guarantee the accuracy of information accessed through such links. Accordingly, the Contractor agrees that information obtained through any electronic link within this Agreement does not represent an official version of a

Federal/State law, regulation, or directive, and might be inaccurate. Thus, information obtained through such links is neither incorporated by reference nor made part of this Agreement. The Federal Register and the Code of Federal Regulations are the official sources for regulatory information pertaining to the Federal Government.

Section 26. Severability. If any provision of the FTA Master Agreement or this Agreement for the Project is determined invalid, the remainder of that Agreement shall not be affected if that remainder would continue to conform to the requirements of applicable Federal/State laws or regulations.

Section 27. Termination of Agreement.

a. The Department of Transportation. In the event of the Contractor's noncompliance with any of the provisions of this Agreement, the Department may suspend or terminate the Agreement by giving the Contractor thirty (30) days advance notice. Any failure to make reasonable progress on the Project or violation of this Agreement for the Project that endangers substantial performance of the Project shall provide sufficient grounds for the Department to terminate the Agreement for the Project. In general, termination of Federal and State assistance for the Project will not invalidate obligations properly incurred by the Contractor before the termination date to the extent those obligations cannot be canceled. If, however, the Department determines that the Contractor has willfully misused Federal/State assistance by failing to make adequate progress, failing to make reasonable and appropriate use of Project property, or failing to comply with the terms of this Agreement for the Project, the Department reserves the right to require the Contractor to refund the entire amount of Federal and State assistance provided for the Project or any lesser amount as the Department may determine. Expiration of any Project time period established for the Project does not, by itself, constitute an expiration or termination of the Agreement for the Project. The Department, before issuing notice of Agreement termination, shall allow the Contractor a reasonable opportunity to correct for noncompliance. Upon noncompliance with the nondiscrimination section (Section 8) of this Agreement or with any of the said rules, regulations or orders, this Agreement may be cancelled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for contracts in accordance with procedures authorized in Executive Orders No. 11246 and No. 11375, and such other sanctions may be imposed and remedies invoked as provided in the said Executive Order or by rule, regulation or order of the Secretary of Labor, or as otherwise provided by law.
