

Stormwater Fund and Rates

City Council Presentation
April 24, 2014

Stormwater Enterprise Fund

- The fund receives no property tax support.
- Stormwater Fee is the primary source of revenue.
- FY14 Annual budget of \$13.6M (94 FTEs)
- Funds Stormwater Management, Stormwater Maintenance, and Street Cleaning.
- Capital projects address Falls and Jordan Lake rules through:
 - Stormwater retrofit design and construction
 - Stormwater infrastructure improvements
 - Watershed planning
- Activities are requirements of the ***National Pollution Discharge Elimination System (NPDES) permit*** including state regulations.

Key Issues

- A rate increase is requested in FY 15 to support capital projects.
- Capital Projects will peak during FY16-17, then begin to level out.
- Short-term internal borrowing is recommended to ensure moderate rate increases.
- Ongoing reexamination of Falls Lake Rules through Upper Neuse River Basin Association (UNRBA).
