The goal for the Durham Based Business Plan is _____% of the Capital Investment.

In the event Argos is able to provide the City with notice of upcoming projects, Argos agrees to permit the City to notify Durham-based firms of those upcoming projects. These notifications may include a brief description of the project, potential subcontracting opportunities and anticipated solicitation dates. Some of the specific efforts the City may employ for notifying small business firms include, but are not limited to, direct notification through phone calls or written notification through fax or email, and advertisements in local and statewide minority newspapers.
