Brier Creek Assemblage (Z1400006)

BUZBY – I support this proposal; the commitment to have a mix of housing, both townhouses and single family homes, creates a smooth transition between existing uses as neighboring properties.

FREEMAN – Street closing concern; unit mix development; 150 – 300 single family.

GIBBS – Approved.

HARRIS – Voted for.

HUFF – Voted to approve with the additional information regarding housing type ratios.

HYMAN – Approve; favorable recommendation provided ranges for the number of apartments vs. single family homes included in the description.

WHITLEY – I voted to approve.
