

B . WALLACE DESIGN & CONSTRUCTION, LLC

August 18, 2015

RE: 122 Hillside Ave, Building Permit # 1510018

Please be advised that the builder, B. Wallace Design & Construction LLC, and future homeowner, Aaron Jones, of the property located at 122 Hillside Avenue in Durham find any conflict between the currently constructed location of the speed hump and driveway apron acceptable to both parties.

Both parties acknowledge and confirm that the speed hump located near the driveway of 122 Hillside will not be relocated now or in the future at City Expense. The driveway apron for the property also will not be relocated now or in the future at City Expense.

If relocation of either the driveway or speed hump is desired by purchaser in the future, such relocation will be at purchaser's expense.
