**SURVEY INFORMATION:**  
No underground utilities were located as part of this survey.  
To my knowledge, no USGS Monument found within 2,000.

- SURVEY NOTES:**
1. Subsurface and environmental conditions were not examined or considered during this survey. All buildings, surface and subsurface improvements on and adjacent to the site are not necessarily shown hereon. No statement is made concerning the existence of underground containers which may affect the use of this tract.
  2. The location of underground utilities as shown are based on visible evidence and drawings provided to the surveyor. Location of underground utilities and structures may vary from locations shown hereon, and additional buried utilities may exist. Contact the appropriate utility companies for information regarding buried utilities.
  3. All distances are horizontal ground and area by coordinate computation.
  4. This survey was done without a title search and is based on referenced information. There may exist other documents of record which could affect this property.
  5. Except as specifically stated or shown, this survey does not report any of the following: easements, other than those visible during field examination, building setbacks, restrictive covenants, zoning or land use regulations and any facts which a title search may disclose.
  6. Wetlands, jurisdictional waters or other conditions which may be regulated by federal or state or local agencies were not investigated during this survey. Riparian buffers and other restrictions on development may be required.
