BPAC EQUITY AND LAND ACKNOWLEDGEMENT STATEMENT - APPROVED NOVEMBER 2021

We, as the Bicycle and Pedestrian Advisory Commission, want to begin this meeting by affirming BPAC's commitment to equity and racial justice.

We would like to acknowledge that this meeting is being held on lands that have served as the home for diverse indigenous communities long before current governments were established here. We pay our respect to the elders and members of these communities, both past and present, and recognize the harms of genocide and colonialism.

We will make a conscious effort to reflect on the following questions as we advance through our business and contemplate changes in our community, and we recognize that achieving equity requires our commitment to an ongoing process:

- How can we seek to repair harm with our work and not erase history?
- How does our work impact the vulnerability and safety of people who hold many intersecting marginalized identities (including Black, Indigenous and People of Color (BIPOC); people with disabilities; and lesbian, gay, bisexual, transgender, queer and questioning (LGBTQ+) people)?
- How can we prioritize and center people in our decision making?
- How can we be more responsive to local needs?
- How can our work build community power and shared decision-making?
