Training			
HRC 16	<p>We recommend the Durham Police Department job performance evaluation include a review of stop/search data for irregularities in conduct and policy.</p>	<p>The City's Performance Management System and the Early Intervention System described in the Issues/Analysis section provide the basis for effectively setting comprehensive employee performance standards in results and behaviors that align with both organizational goals and objectives, and community expectations. The Police Department also has the foundation in place to build on a system that collects and uses data appropriately to better refine and discover irregular or undesirable behavior for referral to an Early Intervention System.</p> <p>It is recommended that the Early Intervention System's current behavioral alert indicators and mandatory referral activities be reviewed to insure alerts and supervisory follow-up are sufficient and effective. As a strategy to improve effectiveness, the department should consider the use of "rates" of policing activities compared with other officers similarly assigned. The Police Department should carefully determine thresholds for alerts and intervention in the context of organizational priorities.</p>	<p>2/25/20: The annual review of the Professional Standards and Excellence Programs are done each calendar year. The 2018 Professional Standards review and the 2019 Professional Excellence Program Evaluation are posted on the City Manager's Office website at the link below:</p>
	<p>It is not recommended that a job performance standard isolating the activity of "stop/searches" be added to the employee performance evaluation form since stop/search activity is just one activity of policing and varies depending on factors such as assignments, shifts, and districts. The job result that would incorporate behavior regarding stop/searches would be the overall standard of "Adherence to established City of Durham Police Department Rules, regulations, policies and procedures."</p>	<p>Review the Police Department's early intervention system's (Professional Excellence Program) behavioral alert indicators and current mandatory referral activities for sufficiency and effectiveness, and include documentation that a review of stop/search data has been included by 12/31/14 for the 2015 calendar year.</p> <p>Submit a copy of this evaluation to the City Manager by December 31, 2014 that documents the review and describes the methodology to be used to set the threshold for alert and intervention regarding stop/searches, and how the data generated will be used by supervisors and department management in quarterly coaching sessions and annual performance reviews.</p>	<p>2019 Professional Standards Annual Report</p> <p>2019 Professional Excellence Program Evaluation</p>

Complaints and Internal Affairs			
HRC 30	<p>We recommend a policy that ensures complaints of retaliation are properly investigated.</p> <p>A thorough, fair and impartial complaint investigation process is a critical component of maintaining the credibility of the Police Department. Like other potential abuses, threats of retaliation must be guarded against. Protections for those who bring allegations against the Police Department are a critical component of ensuring the process remains credible and safe.</p> <p>Management supports a robust system of protections like those contained in the existing Durham Police Department general orders, and has a responsibility to ensure that any employee who violates the general orders are disciplined appropriately. An analysis of the current complaint process identifies no visible weakness in the current policy and process, but management should remain vigilant going forward to ensure employees adhere to these policies.</p>	None	<p>10/20/20: Internal Affairs Quarterly Reports are uploaded to the City Manager's Office website for public review.</p> <p>The July-September 2020 report is available at this link:</p> <p>Quarterly Report</p>

HRC 3	<p>We recommend the Durham Police Department put more emphasis on promoting the Citizens Police Academy (CPA).</p> <p>Outreach and efforts to improve diversity of and retain attendees should be enhanced, as evidenced by class sizes and demographic representation. Advertising and enhanced public relations efforts should be considered. Management recommends that evaluations be summarized and maintained, and that feedback be used to determine how to improve classes and reach more possible attendees. Once the curriculum is finalized, a brochure should be developed by the Department and distributed to help promote the CPA.</p>	<p>Finalize CPA curriculum; Develop Brochure; Translate brochure; distribute and post online. The remaining unassigned vehicles are scheduled to be assigned to officers that are slated to become eligible to receive a Take Home vehicle over the next few months.
Durham Police Department Policies			
HRC 5 We recommend psychiatric evaluations for all officers and employees of the Durham Police Department are required once every three years.	Administration concurs with the Department's current practice as described in General Order 2005R-1 and finds no basis to support the recommendation of the HRC to require psychiatric evaluations for all officers and employees of the Department once every three years.	None	8/21/14: No further action needed.
HRC 6 & 7 6: We recommend that the vehicle camera remain operating at all times. Officers should not be allowed to disable the camera.	It appears that current practice satisfies the intent of these recommendations, though it falls short of the specific request to record and retain all video during a shift. Having reviewed peer cities and best practices, Administration concludes that the Police Department's current practice is sufficient to document all officer interactions with the public.	None	8/21/14: Complete, with ongoing monitoring.
HRC 6 & 7 7: We recommend digital copies of these recordings be maintained no less than 180 days.	Administration will continue to hold the Department accountable for ensuring that policies are followed and strictly enforced to ensure the current system achieves the desired goal. Administration further affirms the 180 day video retention policy.	None	8/21/14: No further action needed.

Training				
HRC 13	We recommend that the Durham Police Department collaborate with a national independent training organization, approved by the City Manager and City Council, to create and implement a racial equity training program for Durham police officers. Administration also supports the current practices related to officer inclusion and selection for CIT.	None	9/11/14: Complete, with ongoing monitoring.
HRC 15	We recommend the Durham Police Department enhance their mental health and crisis intervention training for those officers who interact regularly with the community.	The need to have officers well trained in dealing with mental health and crisis intervention issues is undisputed. Given the widespread use of the current crisis intervention training model, Management believes the current curriculum is appropriate for use in the department. Administration will continue to support exposing as many officers as possible to this training, and will hold department leadership accountable for meeting or exceeding guidelines for the number of officers trained in this area. Administration further directs the DPD to continually review and implement new offerings in the area of mental health and crisis intervention training when these offerings are deemed to improve upon our current training program. Finally, management will endeavor to support all efforts to secure new resources to fund specialized personnel and/or programs dedicated to the care of residents in need of mental health or crisis intervention services. Civilian Police Review Board			
HRC 20 We recommend that City Council move to an alternate model where the complaints themselves, rather than the Internal Affairs review process, undergo investigation by the Citizens Police Review Board.	Management recommends that initial complaints continue to be investigated by the Police Department. In the case of all City departments, Department Directors or their designees are instructed to seek resolution on complaints before pursuing alternate means. General Recommendations				
HRC 32	We recommend the Durham Police Department strengthen accountability, both internal and external, regarding racial profiling and bias with the use of measurable benchmarks.	Management agrees that a more comprehensive evaluation of the data generated and reported regarding stops and searches is indicated in the Durham Police Department. General Order 4074 "Biased Based Policing" should be reviewed and amended to incorporate the changes. These changes include a semi-annual review of data instead of annual, as well as procedures for utilizing the data collected at both the individual officer level, supervisory level, and executive level in individual and departmental performance management systems.	None	10/30/14: Complete, with ongoing monitoring
HRC 33	We recommend the City of Durham partner with the Human Relations Commission and outside organizations (Fostering Alternative Drug Enforcement, National Association for the Advancement of Colored People, Southern Coalition for Social Justice, etc.) to promote a comprehensive program to educate the citizens of their rights in regards to police stops, searches, and their avenues of redress.	The Administration will continue to support interest in community education regarding residents' rights. Suggested outside agencies are encouraged to promote positions and interpretations as their resources, priorities and interests permit.	A structured citizen engagement process with the Durham Police Department exists. It is facilitated by NIS through PACs and recurring community engagement activities such as direct outreach and neighborhood publications. This engagement can and will be used for topics of discussion as desired by the Department and citizens.	9/11/14: Complete, with ongoing monitoring.
HRC 34	We recommend the Durham Police Department, as all other governmental departments in the City of Durham complete a strategic plan, which includes community-policing initiatives.	It is recommended that the final approved Strategic Plan of the Police Department include priority community policing initiatives that align with priorities of the City's Strategic Plan goal of Safe and Secure Community. It is recommended that community policing initiatives identified in the plan be highlighted to increase understanding of how the specific initiatives will enhance the overall goal and culture of community policing in the Durham community.
