DOCUMENT 01 30 00 – ADMINISTRATIVE REQUIREMENTS

- 5. Paragraph 1.2.A.1.a: Remove the existing paragraph and replace it with the text below.
“Contractor shall submit Project schedule within five (5) business days of Site(s) identification by the Engineer.”
- 6. Paragraph 1.2.A.1.b: Remove the existing paragraph and replace it with the text below.
“Contractor shall mobilize within twenty-eight (28) calendar days of Site(s) identification by the Engineer.”
- 7. Paragraph 1.2.A.1: Add the following subparagraphs.
 - “f. For items listed as Quick Response, Contractor shall submit Project schedule within one (1) business day of Site(s) identification by the Engineer.”
 - “g. For items listed as Quick Response, Contractor shall mobilize within seven (7) calendar days of Site(s) identification by the Engineer.”

DOCUMENT 30 10 00 – MS4 INSPECTIONS

- 8. Paragraph 1.2: Add the following subparagraphs.
 - E. Mobilization for MS4 Inspections (Location, Condition, and Illicit Discharge Verification) – QUICK RESPONSE:
 - 1. Basis of Measurement: By each (EA).
 - 2. Basis of Payment: Includes the work described in NCDOT Standard Specification Section 800 that is specifically related to MS4 Inspections for each new location where MS4 Inspections are performed.
 - F. MS4 Inspections (Location, Condition, and Illicit Discharge Verification) – QUICK RESPONSE:
 - 1. Basis of Measurement: By hour (HR).
 - 2. Basis of Payment: Includes the work described in this specification and will be paid as the actual number of hours the Contractor’s personnel is actively engaged in performing MS4 inspections. This item includes the inspection of storm sewer system pipelines and structures (basins) at various Project Sites. There is no separate or additional payment for the inspection of storm sewer system structures (basins) as part of this item.

DOCUMENT 30 10 05 – STORM SEWER CLEANING

9. Paragraph 1.2: Add the following subparagraphs.

- B. Cleaning for MS4 Inspections (Location, Condition, and Illicit Discharge Verification) – QUICK RESPONSE:
1. Basis of Measurement: By hour (HR).
 2. Basis of Payment: Includes the work described in this specification and will be paid as the actual number of hours the Contractor's personnel is actively engaged in performing cleaning in order to perform MS4 inspections. Unit price for the cleaning shall include all costs for removal and disposal of all shapes, sizes and quantities of materials from the storm sewer. Unit price for the flushing shall include costs for all safety precautions outlined in the General Requirements, or required by agencies having jurisdiction.
