DCHC MPO Seeks Comment on Transportation Priorities

Feedback Requested by September 20; Workshop & Public Hearing Set for August and September

DURHAM, N.C. – The [Durham-Chapel Hill-Carrboro Metropolitan Planning Organization \(DCHC MPO\)](#) is seeking public feedback on the 2045 Metropolitan Transportation Plan (MTP), which will drive future policies and decision-making processes for highway, bicycle, pedestrian, and transit projects.

Residents and stakeholders can now review and provide input on the 2045 MTP Alternatives Analysis, which shows the transportation impacts of four different growth and transportation scenarios in the future, by using a variety of methods listed below:

- Visit the [DCHC MPO Website](#) and provide comments directly by [email](#) by September 20.
- Attend a drop-in public workshop on Tuesday, August 29 between 4 p.m. and 7 p.m. at Durham Station Transportation Center, 515 W. Pettigrew Street.
- Attend a public hearing with local elected officials on Wednesday, September 13 at 9 a.m. in the Durham City Hall Committee Room, 101 City Hall Plaza.

The MPO will release a draft of the proposed 2045 MTP in October 2017, and again request input from the public. The final plan is scheduled to be adopted in December 2017, which will include projects for consideration to receive state and federal funding through the Transportation Improvement Program (TIP).

Any person with a disability may receive an auxiliary aid or service to effectively participate in the public workshop next week and the public hearing next month by contacting the City's ADA Coordinator at (919) 560-4197 or by [email](#) as soon as possible, but no later than 48 hours before the meeting.

For more information about the 2045 MTP, contact Andy Henry with the City of Durham Transportation Department at (919) 560-4366, ext. 36419 or by [email](#). Stakeholders and residents are also encouraged to like the DCHC MPO [Facebook](#) page and follow the DCHC MPO [Twitter](#) feed to stay up-to-date on news about transportation planning efforts for Durham, Orange, and Chatham counties.

About the City of Durham Transportation Department

The [Transportation Department](#) is responsible for a broad range of transportation services, which include traffic signs and signals, transportation planning, parking operations, street lighting, taxicab administration, and bicycle and pedestrian planning. The department also oversees [GoDurham](#) and [GoDurham ACCESS](#) as well as leads planning functions for the [Durham-Chapel Hill-Carrboro Metropolitan Planning Organization \(DCHC MPO\)](#), which is the regional organization that is responsible for planning and programming state and federal transportation projects in the urbanized areas of Durham, Orange, and Chatham counties. Guided by the City's [Strategic Plan](#), the department helps to strengthen the foundation, enhance the value, and improve the quality and sustainability of neighborhoods that are necessary for a strong and diverse community.
