News Release

For Immediate Release: October 5, 2017

Missing Teens – Khadijah Tisdale, Nautica Lassiter and Oscar Lopez Perez

Durham police investigators are trying to locate three missing teens. The cases do not appear to be related. The teens each have prior histories of running away, but investigators are concerned due to the lengths of time they have been missing.

Investigators are trying to locate 17-year-old Khadijah Tisdale who has been missing since June. She is described as a black female, five feet tall and approximately 160 pounds. She may have blonde hair at this time. She was last seen on Knollwood Drive and may possibly be in the Fayetteville area.

Investigators are also trying to locate 15-year-old Nautica Lassiter who was last seen by her family in mid-July on Belvin Avenue. She is described as a black female, 5 feet 5 inches tall and approximately 120 pounds.

The third missing teen is 15-year-old Oscar Lopez Perez. He was last seen on September 1 on Rippling Stream Road. He is described as a Hispanic male, 5 feet tall and approximately 120 pounds.

Anyone with information on any of the missing teens is asked to contact Investigator J. Roberts at (919) 560-4582, ext. 29251 or the main police desk at (919) 560-4427.
