MEMO TO: Prospective Bidders

FROM: Byron E. Brady, PE, Contract Management Supervisor

SUBJECT: **Addendum No. 1**
City of Durham Contract SW-26 – 2011 Sidewalk Construction Project

Addition to Project Manual Bid Tab

Bid Item No. 41 is being added. This item is for inlet protection erosion control. The Contractor can use a GutterBuddy or approved equal. These devices shall be installed only as directed by the Engineer.

Change to Project Manual Bid Tab

The Bid Tab on page 39 of the Project Manual had an incorrect unit. Bid Item # 12 is the 6” Concrete Sidewalk Drive or Curb Ramp with a 4303 quantity. The correct unit should be SY, not EA.

A revised bid tab has been attached to this Addendum. We encourage you to use the electronic bid tab for this project. We have attached a revised copy.

Questions from Prospective Bidders:

Question # 1: Will the City require the Contractor to provide subgrade and concrete testing?

Answer # 1: No. The City will conduct random subgrade and concrete testing.

Question # 2: Sheet 4 (Hunt Street) has a description item NCDENR Inlet Erosion Control Protector but there is **no bid item** on the tabulation sheet.

Answer # 2: Bid Item No. 41 is being added to the bid tab as shown below and as attached with a revised electronic bid tab. These devices shall be installed only as directed by the Engineer.

The deadline for submitting questions regarding this project will be Wednesday, December 29, 2010. We cannot guarantee answers to any questions submitted after this date. If a second addendum is required for this project, it will be distributed on December 30, 2010.

Bid Date Reminder:

The City will open sealed bids for this project on Wednesday, January 5, 2011 at 2:00 PM in the Public Works Conference Room, 3rd floor, Durham City Hall.

Should you have any questions, please feel free to contact me.

UNIT PRICE WORK

Item No.	Item Description	Unit	Qty.	Unit Price	Item Value
1	Construction Surveying and Stakeout	LS	1	\$	\$
