News Release

For Immediate Release: August 6, 2018

City of Durham Contains Sewer Spill at 921 Holloway Street

DURHAM, N.C. – The City of Durham Department of Water Management reports that on August 2, 2018, approximately 575 gallons of wastewater overflowed into a catch basin that flows into Goose Creek near 921 Holloway Street.

The overflow occurred at approximately 4:05 p.m. and was caused by heavy rainfall, and the overflow ended at 6:00 p.m. The surrounding area has been remediated and there are no immediately visible adverse environmental impacts or hazards to persons or property.

The N.C. Department of Environmental Quality Division of Water Resources was notified of the event on August 3, 2018 as required by state regulations/law. For more information, contact Junior Mobley, Superintendent of Water & Sewer Maintenance.
