

## **DURHAM HUMAN RELATIONS COMMISSION RESOLUTION**

### **December 2016 Resolution on Islamophobia**

The City of Durham's Human Relations Commission strongly condemns recent comments suggesting that Muslims be banned from entering the United States as reprehensible, unconstitutional, and un-American. We believe that people of all, and no, religious beliefs must be respected and embraced. The Human Relations Commission will help organize an interfaith community dialogue event at a date to be announced.
