

DURHAM HUMAN RELATIONS COMMISSION RESOLUTION

April 2016 Resolution on HB2

The Durham Human Relations Commission believes that one of the many things that makes our city great is that we are an open and accepting place. We welcome and value the participation of all Durham residents in the vibrancy of Durham's public life. We are concerned about any action that makes it easier to discriminate against any person. Because of concerns of the impact of HB2 on many members of the Durham community, we call on the Durham City Council to call for a repeal of HB2.
