

## **Low Water Pressure Acknowledgement Form**

*This document applies only to those properties that the City has designated as being in an area of potentially low water pressure. This document is not available for use in areas other than those so designated.*

Date: \_\_\_\_\_

### **Project Information**

Project Name: \_\_\_\_\_

PIN #: \_\_\_\_\_

Street Address: \_\_\_\_\_

### **Low Water Pressure Acknowledgement**

To better serve the community, we are alerting builders/owners/designers that in certain sections of Durham there is a potential for having low water pressure and that a booster pump may be needed to improve service to the site. The site referenced above is in the area designated as potentially having low pressure. City of Durham requires that the applicant be made aware of this potential and that the applicant acknowledges that either a booster pump will be installed or they will be required to explain why one is not needed.

Be advised that a booster pump will require a back flow device and a separate permit from Cross Connection (560-4194). If a booster pump is installed it is the applicants responsibility to contact Cross Connection and apply for a permit.

By my signature below I acknowledge that a booster pump may be needed to provide adequate domestic service and/or fire flow to the site referenced above. I further acknowledge that if I choose NOT to install a booster pump that I and my successors will not hold the City of Durham liable for any complications or damage that may result from low water pressure.

Will Booster Pump be installed:  Yes  No

If No, explain: \_\_\_\_\_
