How to Read Your Meter

It is important to familiarize yourself with the information on your meter. To identify this information, the following icons and displays are helpful.

Flow/leak indicator shows the direction of flow through the meter:

- **ON**  Water in use.
- **OFF**  Water not in use.
- **Flashing**  Water is running slowly/low flow indication.

**RATE**  Average flow rate is displayed every six seconds on LCD display.

Leak indicator displays a possible leak:

- **OFF**  No leak indicated.
- **Flashing**  Intermittent leak indicated. Water used during at least 50 of the 96 15-minute intervals during the previous 24-hour period.
- **Continuous ON**  Continuous leak indicated. Water used during all 96 15-minute intervals during the previous 24-hour period.
