- **Answers to questions**

Q: What is the correct liquidated damages per day for this project?

A: \$2150 (Two Thousand One Hundred and Fifty). Any other conflicting information in the project manual is invalid.

Q: Can the project locations list be provided?

A: The City is working on it. While there is no guarantee that a complete list can be provided before bid opening because of priority and funding changes going on, every effort will be made to do so. Currently, the quantities in the unit price bid sheet represent the anticipated work. Anyway, whatever location information available if any will be provided with an addendum atleast 3 days before the bid opening.

Please let me know if you have any questions.

Sincerely,

Kitty M. Thomas
