Planning

Application Questions: PlanningInspection@DurhamNC.gov | 919-560-4137

This document shall be completed by a professional Landscape Architect or licensed Landscape Contractor. Landscape standards can be found in the *Landscape Manual for Durham*, in accordance with Article 9 of the Unified Development Ordinance. Both can be found at www.DurhamNC.gov.

Project Name: _____

Case #: _____

Address: _____

Permit #: _____

THIS STATEMENT CERTIFIES THE FOLLOWING:

1. Bed and Hole Preparation:
 - a. Treatment was added only per recommendations, based on soil tests; soil test results are provided, if applicable
 - b. Tree holes and planting beds have been tested for infiltration
 - c. There was no landscape fabric used on site
 - d. Soil is friable and drains at a depth of 2' for tree planting areas
2. Tree Preparation:
 - a. The root collar of all trees has been exposed and is free from soil, debris and mulch
 - b. Girdling roots have been cut away from the trunk and corrected within the planting mix
 - c. The top 2/3s of the burlap and cage have been removed from all B&B trees
3. Tree Installation:
 - a. Trees are installed with root collars exposed and completely above grade
 - b. Trees and plants were watered within two days of installation
 - c. Mulch has been installed within a week of installation
 - d. Stakes were only installed to address specific issues permitted in the *Landscape Manual*
4. **Trees have been verified to be the same species and cultivar as listed on plans. Any substitutions, (in accordance with the *Landscape Manual*), if applicable, are attached.**
5. Results of soil tests for each area of different vegetation installation, if applicable, are attached.
6. Rates of chemical modifications (to pH and fertility adjustments), if applicable, are attached.

ACKNOWLEDGEMENTS

I, the undersigned, acknowledge that this certification is complete and that all information included is accurate to the best of my knowledge.
