-- general discussion

>> teacher listening session coordination; we have a lot of people registered already (good problem!) and we agreed that we would focus on top three dates (Nov 1, 15, and 22) and that we would activate additional TF members to accommodate the additional numbers of people. Jesse to contact TF members and confirm availability for teacher listening sessions.

-- important how we frame the space. Remember to reference our guiding questions

>> youth listening session coordination; Nori & Tyler requested additional youth from Emily K and/or Lakeview to help with coordinating. Still don't have dates yet.

>> quarterly report coordination; Alec & Tyler plan to take on writing report by Oct 29, using shared document. Other RT members can submit revisions by Oct 31 so that we can submit as early as Nov 1

>> post LS ideas: teacher trainings, "know your rights" sessions, on these grounds documentary program, connecting with Oakland (unarmed security and "school climate" personnel)

-- wrap-up/confirming next meeting
