Recommendations [Department of Community Safety staff members stepped out of the meeting during this discussion and decision, to avoid influencing the room.]

Our roundtable would like to present the Crisis Response in the Bull City town hall report back to the task force next Wednesday, and we'll be adding in some demographics data of attendees,

the Menti responses, and some quotes from the evaluations. Shanise will be reporting back about the portion that Xavier and she co-facilitated. At the conclusion, Shanise will share that we plan to bring a proposal to our next large meeting (on Wednesday, January 12?) regarding a Community Safety and Wellness Task Force recommendation to the City Council on the reallocation of the remaining fifteen frozen DPD vacancies to the Department of Community Safety.
