

PUBLIC WORKS
CITY OF DURHAM

March 3, 2022

To: Prospective Firms

Subject: Addendum One: NCDOT Certifications

Project: SW-86c (RFQ) for Inspection Services

This Addendum corrects the following for the subject referenced contract.

- **NCDOT Certifications for Inspectors**
During Pre-Proposal meeting; it was on agenda and verbally stated that inspectors would be required to have NCDOT certification. This addendum is to state that these certifications are not required on this request for qualifications (RFQ).

Please let me know if you have any questions.

Sincerely,

Mike Boyd
