Is there any existing or proposed structure on this property currently serviced or to be serviced by a well or septic tank? If "Yes", contact Environmental Health at 560-7800 for their approval. Yes No

The owner or authorized agent of the owner that signs this application is responsible for determining whether sewer, water, gas, and other utilities are available for this site. Also, all easements and restrictions must be shown on the plot plan. Where applicable, allowable impervious coverage must be verified by a certified survey at the completion of all site work. The applicant must adhere to all codes and ordinances. By signing this application, the applicant assumes all responsibility for these items.

Yes No Is an alteration to an existing natural or man-made drainage system proposed as part of this work? If "Yes," a separate drainage permit application may be required, contact 919-560-4326 for more information. Obstructing the free flow of water is a violation of the City of Durham Code of Ordinances (Section 70-532).
